The core vision of Jai Jagat is to create a space where groups and movements converge to make change nonviolently and address issues related to justice and peace, ameliorating the Climate Crisis. This series of Gandhian Actions is to begin the planning for the 2020-2030 campaign meant to change global public opinion and enhance the emergence of an alternative development that is pro-people, pro-poor and pro-nature (for more information visit www.jaijagat2020.org)
